

ODOR SNIPER™

UNSCENTED ODOR ELIMINATOR (1990)

DESCRIPTION

ODOR SNIPER™ Fragrance Free Odor Eliminator attached and chemically neutralizes foul odors by penetrating and removing them at their source while leaving no masking fragrance. It is great for removing smoke, ammonia, sulfur, urine, feces, spoiled food, and body odors.

DIRECTIONS

Shake well before using. Always test colorfastness before cleaning. Try Odor Sniper on an inconspicuous area first and look for changes in color, appearance, and texture. If there is any change, do not use this product. Hold 8 – 12 inches away from surface to be treated and mist liberally. Spray directly onto the area(s) to be treated as product must come into contact with the source of the odor to produce optimal results. This product can be used on wet or dry interiors. When treating musty air conditioner systems, turn air conditioner on high and spray product directly into the exterior AC cowling. Ensure AC is not set on recirculate mode with this method.

FEATURES & BENEFITS

Eliminates the toughest odors

Provides a clean, fresh environment by removing even stubborn and persistent smells.

Chemically attacks odors at the source

Ensures long-lasting odor removal instead of temporarily masking smells.

Fragrance Free

Leaves behind no added scent, making it ideal for users sensitive to fragrances or when a neutral environment is preferred.
